Next U.F.A. meeting will be held on Saturday evening, June 30th, at 8:30 p.m. in the I.O.O.F. hall. Among other business important report will be given by the delegates who attended the convention in Calgary, re C.R. land contracts.

Farmers Discuss Land Contracts

A meeting of delegates appointed by various U.F.A. local districts where most of the land held under C.R. contracts was held in the U.F.A. office in Calgary on Wednesday night, and the deliberations were pronounced to be of the following nature:

No report of the outcome of the meeting was given to the press, it being stated that the resolutions arrived at would first of all be submitted to President Healy, of the C.R. The following committee, to be known as the "C.R. Contract Holders Immigration Committee," was formed, the members being:

G. L. Carpenter, Irricana, (chairman), W. D. Tread, Gleichen; S. J. Beitz, Irricana; J. C. Buckley, M.L.A., Gleichen; C. C. Siro, Rosemary; and W. A. Hatt, Baintree. Ninety-three delegates were present, 20,000 C.R. contract holders.

The consensus of opinion was that the new C.R. proposals would not meet the desires of the farmers and would be a disaster to the country, which it was thought would have the tendency to stop emigration from the Province and induce new settlers to locate here, and at the same time complicate the country.

The chairman, in the course of an interview, stated that they must have enough satisfied people in the country; and that the committee was the best sort of advertising agent. The committee considered that the new scheme of the C.R. did not reach the bottom of the situation. The recommendations that would be made would be put before the company in the hope that later on the company would be reimbursed for their present monetary loss.

"We consider that there is not sufficient credit in the 14-year amortization plan to recommend it," said Mr. Carpenter, "that in deference to the company, the committee is not prepared to state in detail its objections before our report is first submitted to the company's officials. The committee is prepared to state, in the meantime, however, that what we are aiming at is to stop emigration from the province, and to endeavor to bring about conditions which will not only induce farmers already here to remain on their land, but will also give an impetus to others to come in and carry out the provisions of their contracts with success."

Price for Produce
Mr. Buckley pointed out that during the last seven or eight years there had been the highest prices for farm produce in the history of Canada, but the farmers they represented nevertheless had continued to get deeper in the debt. It was not aware of any case except in one or two isolated instances, where these contract holders have been able to meet their obligations. Chairman Carpenter said that at first blush it appeared that the new scheme would be beneficial to the contract holders, but the more they had gone into the matter the more they were convinced that it was not going to bring about the necessary relief.

What Board Apathy
Reference was made by Mr. Tread to the great need of a satisfactory marketing system and the apathy displayed by business people towards the U.F.A. It was equally important to the business men of the west that a board should be formed as an emergency measure, the farmers of the present day have no further said financially than their grandfathers. Who only had primitive implements. He especially emphasized the views of the committee in endeavoring to secure satisfied settlers.

All Arrangements Made For Big Stampede

A largely attended meeting, with representatives from all parts of the district, was held in the Memorial Hall on Monday evening, when the final touches were made to the programme for the big Stampede to be held at Strathmore on Thursday, July 19, (Peace Day).

There will be bucking contests, and numerous horse races, special events for the Indians, steeple chasing and other typical western sports. Children's races, which will be run in the morning. The big parade, headed by Chief Sixapokoli (otherwise known as Oscar Morehouse) will start at 12:30 sharp, and the running events commence at one.

At six p.m. a ball game will be played between Strathmore and Rockford, and the evening will conclude with a dance in the Memorial Hall.

36 INCHES HIGH
AND HEADING OUT
Steve Kowak, five miles south-west of Strathmore, phoned us on Monday evening, that he has a field of wheat which is now three feet high and heading out. This field was sown somewhat earlier than the majority in this district, having been planted in March.

LIQUOR STORE RAIDED
Goods Recovered Later and Arrests Made.

A hold burglar was carried on at four a.m. Friday morning of the Government liquor vendor's store in Calgary, where 341 bottles of spirits and liquor were spirited away. The spirits were located at 11:30 a.m. in a garage on Fourteenth Avenue. The proceeds of several other burglaries, including 50,000 cigarettes, were also found. Two men were arrested. A third man got away, though first shot at by the city police. The Calgary liquor vendor is Mr. E. S. Slay, formerly of Strathmore.

NEW LONG DISTANCE RECORD

Long distance telephone communication was established between Alberta and Winnipeg the past week when, in a test made at Calgary, Geo. Hoadley, acting premier, spoke in phone Commissioner Lowrey of the Manitoba government. The test was satisfactory in every way. The first time such phone connection has been established.

DRIVES FROM NEBRASKA
So anxious was he to reach Alberta, that a Presbyterian Minister from Nebraska drove all the way from that state to Edmonton, with a horse and buggy. He made the journey in good shape, and is taking up a homestead west of the city.

Moderation League Organises Here

Mr. Wm. Geoghegan, organizer of the Moderation League, Calgary District, visited Strathmore on Thursday and Friday of last week, and as a result his efforts a committee of fifty was secured to work in the interests of the League in the forthcoming plebiscite on the liquor question. (The vote on the question of the prohibition of liquor in the province.)

Mr. Geoghegan expects Moderation to win by a big majority, and was much heartened by the results of the Manitoba referendum, showing a wet majority of over 20,000, which arrived prior to his leaving town. With reference to his visit to Strathmore, he said that the people of Strathmore seem to be nearly unanimous on the desirability of a change from the present Act.

School Board Meet

The regular meeting of Strathmore School Board was held in the Town Hall on Thursday evening. Trustee Olvin presiding, other trustees present were Messrs Butler, Marshall, and MacKenzie. The resignation of Trustee Vickers makes it necessary to hold an election for trustee, and the Secretary was instructed to go ahead and make the necessary arrangements. The question of the janitor's house was taken up, and as the present building was not livable, it was decided for the present to rent a house in town, as near to the school as was possible.

Appointment of Teachers
A letter was read from Miss Dawson resigning her position as vice-principal. Principal Whitney and Messrs Sanford and Palfrey have indicated their intention to remain next term, the other two lady teachers have not yet given their answers. A number of applications were read, but it was decided to leave the matter to a special meeting to be held on the 25th inst., when replies would be received from all the present staff.

NIGHTMARE FARMER

WINS CASE FOR RAILWAY
On Wednesday of last week a case of local interest came before his Honor Judge McNeil in the District Court at Calgary. It was a claim by Archie McLean, Jr., deputy Reeve of the Municipal District of Keoma, against the Canadian National Railway. McLean claimed for damage sustained to his land on 23rd July, 1922, by sparks from a locomotive setting fire to different places, on which good hay and pasture were then growing. The plaintiff claimed that 27 acres had been damaged in this way, and claimed at the rate of \$12.00 per acre for the damaged area.

Evidence for the plaintiff was given by the plaintiff, Henry Hill, Mark Lounsbury, George Thurston, and Fred A. Cott.

Evidence for the defendant was given by A. P. Dash, J. Horricks, and a section foreman of the C.N.R. After hearing the evidence Judge McNeil found that 27 tons of hay had been damaged, which he assessed at \$12.00 per acre, and gave judgment for \$720.00 and costs.

Winter rye is showing a fine stand, and is now all headed out. Conditions at the present time could not be improved upon.

Business Change

Funeral of Ted Harwood

The funeral of Edward A. Harwood, who, as reported in last issue, was killed in a motor accident in Winnipeg, took place at Strathmore on Monday afternoon. It had been originally intended to have the service on Friday, but owing to the state of the roads it had to be deferred.

The service was performed by Rev. A. H. Rowe, in the Union church, in the presence of a large number of mourners, many of whom came from some distance in the country in order to attend. The Harwoods are among the earliest settlers in the Strathmore district. Following the service the body was interred in Strathmore cemetery, in the family burying ground.

The pallbearers consisted of intimate friends of deceased. Among the numerous beautiful tributes were wreaths from the following: "Mother and George," "The Boys" (all fellow employees in Winnipeg), "Water Sailer," Barber and Craddock; Mrs. G. Penton; Mrs. E. Smith and the Misses Smith; J. D. Knight, Mrs. De Witt, Mrs. Todd, Mrs. Zerkle, "The Family."

Story of the Accident
The following account of the accident is taken from the Manitoba Free Press.

Sidney Collins is being held by provincial police, pending the outcome of an inquest, inquiring into the death of Edward A. Harwood, suite 7, Touraine apartments, who was fatally injured Sunday afternoon, when a Ford racer, travelling at 65 miles an hour, crashed into a telephone pole near St. Francis Xavier, after a tire had blown out.

The impact was so terrible, the telephone pole was broken. The car was so badly wrecked it had to be taken away in a wagon. Harwood was thrown clear of the car and received internal injuries from which he died without regaining consciousness. By a miracle Collins escaped injury and kept his place behind the wheel.

According to the statement Collins made to police, he was travelling at 45 an hour just west of headlight. His engine was not working well, but after travelling a short distance it picked up and he increased the speed to 65 miles an hour. Sighting a turn in the road, he shut off the power and the car skidded. He retained control and brought it back on the road again, when one of the front tires blew out, throwing the car in the ditch and then up against a telephone pole. When he looked back and saw Harwood lying in the ditch unconscious.

J. P. Thompson, his son Claude, and Dr. Scott, doctors, were following close behind, and they conveyed the injured man to Winnipeg General Hospital, where he died from internal injuries shortly after.

An open verdict was returned by a coroner's jury Tuesday afternoon in connection with the fatal injury received by Edward Harwood. The jury added a rider that racing on public highways should be prohibited and that turns should be placarded with speed regulations.

HEAVY RAINFALLS

In the past week, heavy rains have been recorded at several points in the province, and the general moisture conditions over the entire province continue to be very satisfactory. During the week the weather bureau recorded rainfall at the following points up to Friday noon:

Pasadena 3.21 inches; Macleod 2.67 inches; Lethbridge, 4.01 inches; Medicine Hat, 2.42 inches; Calgary 2.23 inches; Edmonton, 1.26 inches; Yarmouth, 1.41 inches; Red Deer 1.39 inches; Drumheller 7.9 of an inch; Stettin, 1.32 inches; Vegreville 2.2 inches; Edmonton, 26 of an inch; Lloydminster, 61 of an inch; Coronation, 91 of an inch. Rains were also reported at Peace River and Beatty.

HIGH POINT REACHED FOR IRRIGATION BONDS

A high point was reached the past week in offers for irrigation bonds, when an issue of \$100,000 of United Irrigation district bonds was sold by the provincial government to the British American Bond Corporation, of Vancouver, for 103. The issue, which carries the government guarantee, was put through by the provincial treasury on behalf of the board of trustees of the irrigation district. This sale completes the issue of \$500,000 for this district. A sale was also made of \$200,000 of New West Irrigation district bonds at 102.81.

Bennett was billed to speak in Strathmore, but was unable to be present, and Mr. Georgeon and Mr. Morrison were sent down to substitute. When they got off the train, Judge of their surprise when they were marched up town from the depot behind a brass band to the strains of "Here the Conquering Hero Comes." Banff-Windermere highway, which is
the first highway to be completed over
the Canadian Rockies and is the last
link of the grand circle international
tour, will take place on June 30, the
Lieutenant-Governors of Alberta and
British Columbia officiating. Arrangements
are being made to handle a
large number of visitors, many of
whom will be from the other side of
the border.Everyone who attended the picnic
given by the U.F.A. on June 16th at
the Bow River reported a very good
time. The number of visitors would
have been very much larger had it
not been for the heavy rains of Fri-
day, and threatening weather on
Saturday morning.A number of golf enthusiasts motored
to Strathmore last Wednesday eve-
ning, and played a friendly game with
the members of that club. After the

the school picnic, which was given by
the senior pupils of the Standard
school at Rockwood on June 17th. Base-
ball and other games were played,
but as usual on such times, the cats
were most important of all.The good time was only broken by one of
the party getting tooth ache. However,
it did not last long, and everything en-
ded nicely.Miss Edith Myrhu left last Wednes-
day for Golden, B.C., where she has
accepted the position of Matron of the

HAIL - HAIL INSURE! NOW

No section of the country is immune. The crops of whole districts have been completely destroyed two and three years in succession and yet have gone unscathed for several years at a time.

Can you afford to run your farming business constantly facing the possibility of such losses and not be protected by hail insurance?

Baseball Notes

The weather let up long enough last week to allow a ball game to be played between Nightingale and Strathmore, but rain on Thursday, Friday and Saturday, caused the other game which were to have been held during the week to be cancelled.

In the game with Nightingale Strathmore was well ahead up to the ninth inning, when they allowed Nightingale to get in five runs, thus losing out by a 6-7 score, which surprised the Nightingale boys themselves.

The feature of the game was the pitching of Callahan for Nightingale. Strathmore got five on him in the first and second innings, but after that they found it very difficult to make connections with his speedy ball.

The first four innings for Strathmore were pitched by Thomas, who held the visitors down to one run. His place was then taken by a visitor, Palfrey, who performed all right until the ninth inning, when, with three men on base, and nobody out, he was charged for Joe Smith. But Joe was unable to keep the boys from the north from registering, and they got in five runs before the curtain went down.

Following is the score by innings:
Nightingale 0 0 1 0 0 0 1 5-7
Strathmore 3 2 0 0 0 0 1 0-4
Nightingale—White, 1st b.; Connor, s.; Callahan, 2.; J. Kimmitt, c.; C. Kimmitt, c.f.; Putnam, 2nd b.; McCaddy, r.f.; Jukes 3rd b.; A. Kimmitt, l.f.

Strathmore—Venus, s.s.; Smith, c.f.; Anderson, r.f.; Breen, 2nd b.; Baker, c.; Loucks, 2nd b.; Thomas, p.; Gray, c.f.; Jones, 1st b.

WHEAT BOARD ABANDONED
It has been announced from Winnipeg that Premier Greenfield and Premier Dunning of Saskatchewan, have abandoned their efforts to organize a wheat board under federal patronage. It was stated that it was found impossible to secure responsible men to accept membership on the board. The action of Manitoba is declined to pass similar legislation to that of Alberta and Saskatchewan made it more difficult to organize the board, it was stated.

Rosebud News

Mrs. D. S. Wren, of Seattle, Wash., who was a guest of Mrs. E. P. Thompson, returned home Wednesday.

Rosebud United Church organized a choir last Sunday. Mr. Deane is organist and choir master. Walter Hymas assistant choir master.

Edgar Shultz went to Calgary last week to meet his father, F. W. Shultz, who will be with us for some time.

Henry Wood suffered an acute attack of indigestion while returning from Tudor, and was taken home by Mr. W. Payne.

Don't forget! U.F.A. District Association Picnic in Vigar Woods, July 7. Come one! Come all!

Crops look better than for years. We look for a large yield. Hail insurance agents are thick just now.

The case of Carlson against Carlson, held at Wayne was dismissed.

L. W. Comstock was a business visitor in Calgary recently.

The U.F.A. are planning another dance in the "Cashell" barn in the near future. We hope the weather will permit its being held.

The baseball boys had to postpone their game again because of the rain.

Many young turkeys are dying because of the damp weather, but they're some satisfaction when one sees the wheat growing so rapidly.

There'll be some horses in the pound if the owners don't keep them rounded up. Strays are bound to get into the wheat and do a great deal of damage by trampling as well as eating the crop.

Mrs. Ross, of the C.N. school, is giving her pupils a picnic to end the school year.
